TY SUPERINTENDENTS.

Early in the Afternoon the Convention Adjourned and Many Went to the Ball Game.

The county superintendents, who are holding sessions in the Supreme Court chamber in the Statehouse, quit work about 3 o'clock yesterday afternoon, and a number of them went to the baseball visit Albert Hutchinson's large store at 344 and game. The first paper of the morning session was by Superintendent Jesse Neet, of Parke county, who discussed "The Personality of the County Superintendent."

He held that there is something indefinable in the personality of the county superintendent that should help or deter him in his work. It was held that after the superintendent reaches a certain point in scholarship, his personality is the important thing. The discussion of this paper was led by Superintendent Helt, of Vermil-Superintendent S. L. Scott, of Clark coun-

ty, read a paper on the "Personality of the Teacher," which was in a general way similar to the other paper, similar ideas being advanced. The discussion of this paper was led by Superintendent B. M. Hancock, of Owen county. "Are Changes Needed in the State Course of Study? was the subject of a paper by Superintendent Park, of Sullivan county. It developed that the state superintendent has al ready made changes in the course of study, but it seems that all of the superintendents had not yet been notified of these changes. However, not all of the changes referred to in the paper have been made. Superintendent E. C. Crider, of Tippecanoe county, led the discussion of this paper, and this was followed by a talk on history, by Professor Edward Kemp, of the Terre Haute Normal.

A SHORT SESSION. The afternoon session was a short one. Two papers were read, one of which was on "Writing," and was contributed by Superintendent G. H. Tapy, of Whitley county, Superintendent Tapy advocated the vertical hand in writing, urging legibility as one of the strong points in its favor. W. H. Senour, of Franklin county, and M. W. Deputy, of Jennings, discussed this paper. The other paper was by Superintendent Claude Rankin. It was in relation to the primary grades of the public schools. Mr Rankin pointed out that there are only about 20 per cent. of the teachers in the primary grades who have had professional teaching in this line of work. Notwithstanding this fact, he said, he was decidedly optimistic about the present system being taught in the primary grades. He said the fact that the Legislature established a new basis of pay for school teachers will be an excellent thing for the primary grades. Since teachers are to be paid more salary, they will be able to better prepare themselves for different lines of special work. Heretofore a teacher who earned | Western, but \$1.50 a day had no money to spend on special lines of work.

A resolution was offered and defeated yesterday to the effect that colleges and high schools should require pupils who enter from the common schools to be able to write a legible hand. Those who opposed the resolution did so on the theory that it would be a reflection on those who had taught these pupils in the common schools. The nominating committee appointed to select new officers for the association met last night and nominated L. H. Hamilton, of Jasper county, for president; J. H. Sealed proposals will be received by the Board | Grover, of Clinton county, for vice president, and Elijah Gladden, of Scott county. One of the topics for discusion to-day is

"The New Wage Law." This relates to the new system of fixing salaries of teach- | son, O. resentative Neal, who introduced the measure, is much interested in its success, and The law provides that the salary of the teacher shall be fixed by multiplying two by the teacher in examination. Some of sale of the Toledo, St. Louis & Western the superintendents are inclined to oppose | road to the Vanderbilt interests, it is genthe new wage law, or rather, some parts erally conceded that sooner or later the of it, and it has been suggested that the | deal will be carried through. law might be amended. "Here is an inmight work an injury. In my county there is a young woman who desires to teach | will return to Indianapolis and inspect the this year, but has up to this time had no terminals to-day, experience as a teacher. She has passed excellent average of 9216. 314 by this and you will find that this young woman must be paid something over girl will not be able to get a school simply her lack of experience, will be unwilling to so as not to apply to inexperienced teach- tractive than under present arrangemnts.

Martin Conrad Amos, Grace Jane Clifford,

THE VANDERBILTS AND PENNSYL-VANIA WORKING IN UNISON.

of Baltimore Not Pleased that the Pennsylvania Controls the B. & O .- General Notes.

The manner in which the Vanderbilts and the Pennsylvania Company are meeting the wishes of the Wabash in order to prevent its building extensions is exciting comment, and a belief prevails that they have a tacit understanding that the entire territory of both must be protected, of the American Locomotive Company and are making such arrangements with the Wabash as will make unnecessary any extension of the latter's line. For instance, the arrangement to permit the Wabash to have entrance to Cleveland over | matters take with the Eel River road. At the Big Four tracks is a move in that men and twenty teams at work grading, direction, and it will not be surprising are employing all men and teams that ofto learn shortly that the Pennsylvania has from Wheeling over the Baltimore & Ohio | the grading is completed the laying of the somewhat similar to that drawn up between the Big Four and the Wabash. It gahela river at Ferry street, Pittsburg, is evident that the strong lines are de- and the construction of twelve miles of termined to prevent the Wabash, if possible, from building a line of its own into | vertised on Monday. The total cost of these Pittsburg. In the Pittsburg district the two portions of the line will be \$3,000,000. changes of twelve months are striking. One year ago the Pittsburg & Western a connection near Steubenville, O., with was an independent line; shortly after the Wheeling & Lake Erie. there was a fight between the Brice interests and the Baltimore & Ohio to ob- such remarkable developments in earning tain possession of it, and prior to the death | capacity as has the Chesapeake & Ohio. of Calvin S. Brice the Brice syndicate Under the M. E. Ingalls management it behad the upper hand, and for a while had gan to develop, and with each year since actual possession of the road. After his has shown increased earnings. For the ten demise it reverted back to the Baltimore | months of its present fiscal year it earned & Ohio, and now the Baltimore & Onio \$12,746,928, an increase over the correspondand the Pittsburg & Western are swal- ing period of previous years of \$1,742,465, owed up by the Pennsylvania. Whether and the net earnings are fully as striking, the Pennsylvania will be as fortunate in they being for the ten months ending April heading off the threatened invasion of that territory by the Wabash remains to be year of \$927,587.

Developed by Emergencies.

Pennsylvania line whose spurs were won superintendent of the Southwestern system, and L. F. Loree, of the Baltimore & Ohio, the city by electric motors. now president, formerly general manager aster. Both were on the alert in receivtrain masters, supervisors and wreck masincluding the Vandalia line), to begin the work of reconstruction, and they brought with them a vast army of section men. many train loads of timber, gathering up all the bridge timber on the Louisville division, the Indianapolis & Vincennes and the Vandalia, and rushing it to Johnstown, running freight trains on express time. This army of workers, under these officials, performed wonders which attracted the attention of the highest officers of the Pennsylvania, and tended to the promotion of these men whenever opportunity

Clergymen Must Pay.

After July 1 all clergymen east of the Mississippi river and west of Pittsburg and Buffalo must pay 25 cents for permits to buy railroad tickets at half fare. This was all the roads in the territory named at a meeting held in Chicago yesterday. To obtain clergy half-fare permits it has been scribed forms and file them with agents of the transportation companies. On this credential the reduced-rate tickets were sold. There has never been any charge for these permits authorizing representatives of the railways to sell the tickets, though there has always been a fee of \$1 for the annual book permits furnished preachers. The new rule places the same restrictions about the trip credentials as has surrounded the annual permit. It was found that when clergymen were not charged for the trip permits they used them exclusively and refused to pay the railways \$1 for the annual book credential. The new arrangement is an effort to induce preachers and others entitled to the reduced-rate courtesy to buy the yearly books, which means

a big profit to the lines in the association. Personal, Local and General Notes. Contracts have been signed for five hun drew miles of new railroads, radiating from Buluwayo, Rhodesia.

The Pittsburg, Fort Wayne & Chicago is remodeling its yards at Fort Wayne and putting in additional track. The Big Four earned in the first week of June \$379,808.87, an increase over the corresponging week of 1900 of \$27,527.30. The Peoria & Eastern earned in the first week of June \$52,376.24, an increase over the corresponding week of 1900 of \$4,090.91.

It is said that the jurisdiction of General

Manager Potter, of the Baltimore & Ohio, will be extended over the Pittsburg & The Chicago & Eastern Illinois on Tues-day received the last of the six big freight consolidated engines, built for this company by the Schenectady locomotive works. Train 20, over the Vandalia, yesterday

The Pennsylvania track was ob-literated for many miles, and parts of three more than the 4 per cent. guaranteed by of its most important bridges were de- the company. It was contended by the stroyed. Both summoned superintendents, plaintiffs in the action that after being paid 4 per cent. the preferred stockholders were ters of the Pennsylvania lines west of entitled to a further share in the earnings Pittsburg (General Superintendent Miller of the company on the same basis as holders of common stock.

The first annual report of the Pere Marquette, since the present consolidation, was made public Wednesday, showing gross earnings of \$8,296,111, an increase over the preceding year of \$927,317; net earnings, \$1,905,519, an increase of \$264,546. During the year \$25,000 was spent in reducing the grade and this work will be continued at an estimated cost of \$280,000. Twelve miles of new road will be constructed. Twenty-five thousand tons of seventy-five-pound steel rails have been contracted for, and the company's equipment will be materially in-

Between \$1,000,000 and \$2,000,000 will be spent for improvements by the Pere Marquette Railway system during the next twelve months. To provide funds and facilitate the work the company has organized the Marquette Equipment Company (limited) and an issue of \$1,000,000 5 per agreed on by general passenger agents of cent. bonds, gurantaed by the Pere Marannual report of the Pere Marquette Company since the present consolidated system was established, was presented yesterday. The financial statement shows gross earnings amounting to \$8,296,000, an increase of \$663,000. The net earnings are \$1,966,000, an increase of \$265,000. It is stated that citizens of Baltimore,

who always took such pride in the Baltimore & Ohio road, do not like the idea of the absorption of the great property by the Pennsylvania and are not slow to express their feelings in the matter. If reports are true, President Loree is not disposed to court their friendship. It is reported of him that on his return to Baltimore from his recent trip over the line he refused to make any statements for publication, and one of the Baltimore papers says he is the that snubbed the Baltimore papers. Says a Pennsylvania official: "When the representatives of the Baltimore press become better acquainted with Mr. Loree they will find him to be an affable gentleman and willing to give them any information which the public is entitled to."

DONATION TO FLOWER MISSION.

An Unknown Person Offers to Donate

\$5,000 for a Home. A special meeting of the Flower Mission Society was held yesterday morning in Plymouth Church, to discuss means of such a home. She said the Flower Mission has ministered to the sick in every possible way, but the patients could not be removed from their wretched surroundings, as there was no place for them. On the occasion of the society's twenty-fifth anniversary, several weeks ago, an appeal was made to the citizens of Indianapolis for such a home, and shortly after a lawyer representing some unknown person called on Mrs. Griffiths to secure information as to the necessity for such a home and the

thousand dollars has been paid the sub-

of the necessity of a home for the incurable sick of Indianapolis, and also said he would subscribe \$5,000 for founding by the Indianapolis Flower Mission of a hospital or home for the treatment and care of persons suffering from incurable diseases. The fund is subject to three conditions: First, that the Flower Mission secure adcitional subscriptions to the amount subnecessary for the acquiring of the necessary site and erection of a suitable building Also, that the sum must be subscribed tefore Nov. 1, 1901, or the \$5,000 already subscribed shall be considered null and in the property and make it a first class void. The second condition provides that the society shall agree to use the fund for acquiring the necessary site, unless the site shall be donated, and for the erection and completion of the building or buildings necessary for such a home, and shall also agree to furnish and equip the same and provide for its maintenance for a period as Jap Rose is transparent.

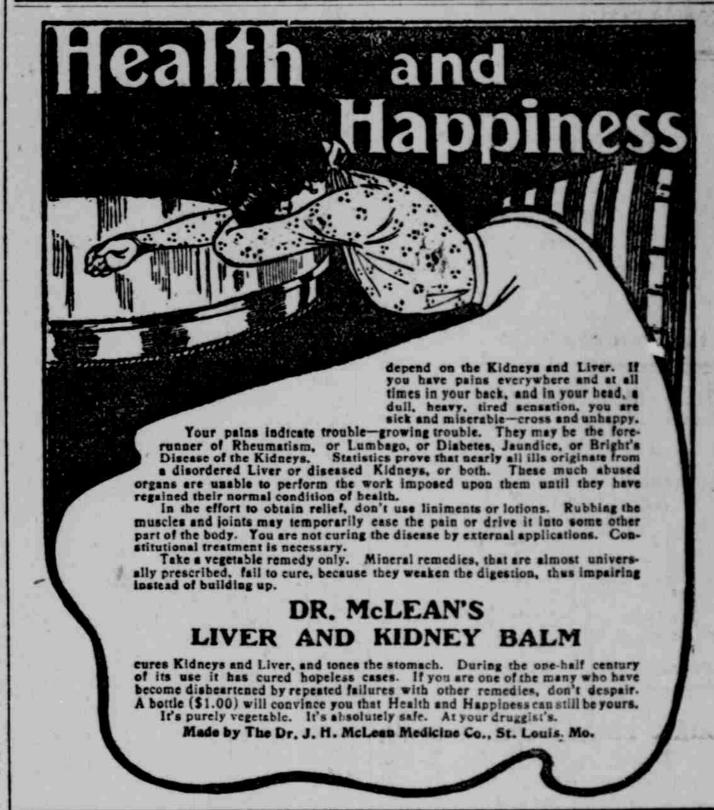

Made of pure vegetable oil and glycerin, perfumed with roses. The best toilet soap that skill or expense can make.

Don't pay more and get less.

For over half a century the Kirks have made fine soaps, and Jap Rose is their idea of perfection.

'Tis the best soap that is sold.

Yet it sells for 10c.
